EST. 1992 · NOOR ENGINEERING CO.

A 30-Year Architectural Journey

Founded in 1992 by civil patriarch **Mr. Kalamuddin Choudhary** as Noor Engineering Company, Bombay Studio was built on three uncompromising principles: structural truth, artisan craftsmanship, and zero-compromise engineering. Today, under the creative leadership of **Principal Architect Ar. Aakhir Choudhary**, the practice brings modern spatial elegance and turnkey execution to Mumbai's prime residences.

FOUNDER EMERITUS (1992)

Mr. Kalamuddin Choudhary

Founder of Noor Engineering Company. Established the 30-year civil and structural foundation across Mumbai.

PRINCIPAL ARCHITECT & FOUNDER

Ar. Aakhir Choudhary

Guiding turnkey residential architecture, spatial innovation, material procurement, and personal on-site delivery.

1992
Civil Genesis
Noor Engineering Co. founded in Mumbai.

2004
Infrastructure
High-rise residential civil contracting.

2014
Turnkey Interiors
Expansion into luxury residential interiors.

2026
Bombay Studio
Architectural firm with 200+ handovers.

Studio Credo: "Design. Detail. Delivered."

We take complete single-point turnkey responsibility from initial 3D visualization to structural execution, bespoke joinery, and final key handover.

THE BOMBAY STUDIO DIFFERENCE

The Four Pillars of Architectural Integrity

Every residence designed by Bombay Studio is executed in accordance with our scientific four-pillar framework, eliminating common renovation hazards such as material substitution, cost overruns, and timeline delays.

PILLAR 01

Spatial Flow & Ergonomics

Every layout is tailored to natural light axes, cross-ventilation, and effortless circulation. We maximize storage within concealed wall niches to eliminate clutter.

PILLAR 02

100% Pure Certified Materials

We refuse commercial grade particle boards. All woodwork is fabricated exclusively in 100% IS 710 BWP Marine Plywood with Blum and Hafele German hardware.

PILLAR 03

Itemized BOQ Price Transparency

Our clients receive comprehensive Bill of Quantities (BOQ) with transparent per-unit rates. Once finalized, pricing is locked with 0% unapproved escalation.

PILLAR 04

60–90 Day Guaranteed Handover

Turnkey milestones are locked into a legally binding contract. Full-time site supervisors ensure daily progress tracking without contractor stalling.

Direct Supervision by Ar. Aakhir Choudhary

Unlike design brokerages that outsource site management to third-party sub-contractors, Principal Architect Ar. Aakhir Choudhary personally conducts on-site milestone audits across every active residence in Mumbai.

CLIENT SOCIAL PROOF

Trusted by Mumbai's Prominent Personalities

Actress Adrija Sinha

Celebrity

"Bombay Studio made our home look beautiful and comfortable, just the way we wanted. The team was patient with our suggestions and helped us make the right choices."

CLIENT FAQS

Frequently Asked Questions

What is the cost per sqft for turnkey interiors?

Typically ₹1,800 to ₹3,500/sqft depending on finishes (Italian marble, veneer vs laminate, automation). Every project has an itemized BOQ.

What is the handover timeline?

2BHK: 60–75 days. 3BHK: 75–90 days. 4BHK: 90–120 days. Milestones are contractually guaranteed with zero unapproved delays.

What warranty does Bombay Studio provide?

A formal 10-Year Warranty on IS 710 Marine Plywood joinery and anti-termite treatment, plus manufacturer warranties on Blum/Hafele hardware.

Do you handle municipal & society approvals?

Yes. We handle structural load-bearing assessments, societies liaisoning, work permissions, and debris disposal permits across Mumbai.
